Dear Brackett ISD Families,

As we prepare for the upcoming school year, we want to keep you informed of an important update regarding our campuses. Staff was informed of changes yesterday and today we are notifying families.

Due to recent flooding, some areas of our facilities experienced water intrusion. As part of our commitment to maintaining safe and healthy learning environments, additional inspections, assessments, and construction work are being completed to evaluate and repair any damage. As a result, some classrooms and building assignments will be temporarily adjusted.

While these changes may require a bit of flexibility from all of us, please know that every decision is being made with the health, safety, and well-being of our students and staff as our highest priority. We are working diligently to minimize disruptions while ensuring that our facilities meet the high standards our students deserve. Although some learning spaces may look different than originally planned, our commitment to providing an exceptional educational experience remains unchanged. Our dedicated teachers and staff are ready to create engaging, supportive, and meaningful learning opportunities for every student, regardless of location.

We appreciate your patience, understanding, and partnership as we navigate these temporary adjustments. The strength of our district has always been our people, and we are confident that by working together, we will continue to move forward with resilience and optimism.

D2 - Jones Intermediate will house the elementary computer lab and our 3rd -5th grade classrooms

D3 - Jones Elementary will not house any instructional classrooms for the start of the year

B2 - Junior High building will house our PreK4 through 2nd grade and special education rooms

Tiger Gym will be closed for restoration; athletics to include volleyball games will be in the Cub gym

Junior High and HS rooms will be housed in B1 (annex) B4 (Koch) and A1 (main high school)

Culinary and theatre room will not be used for instructional purpose until completed abatement and repairs.

Field House and Weight Room are still under mitigation and then reconstruction, currently not available for use.

At Brackett ISD, we believe challenges are opportunities to demonstrate the heart of our community. Together, we will ensure that this school year is one of growth, success, and excellence for every Tiger.

Thank you for your continued support and trust. We look forward to welcoming our students back for another outstanding year.

One District One Team - We are BRACKETT!

With appreciation,

Eliza Diaz

Superintendent

Brackett Independent School District
